PROFESSIONAL SUMMARY

Highly motivated Full Stack Developer with expertise in Java, JavaScript, React.js, and SQL. Passionate about building scalable, efficient, and user-friendly applications that solve real-world problems. Thrive in collaborative environments, bringing a strong problem-solving mindset and a drive to learn new technologies to deliver high-performance solutions.

TECHNICAL SKILLS & EXPERTISE

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap

Backend: Java (OOP, Servlets, JDBC, Spring Boot), Node.js, Express.js

Databases: SQL (MySQL, PostgreSQL), MongoDB

Tools & Version Control: Git, GitHub, Postman, VS Code, IntelliJ IDEA

Other Skills: API Development, RESTful Services, Agile & Scrum, Cloud Deployment (AWS/Firebase)

EXPERIENCE

Navi Promotions

Jan 2026 – Present

Full Stack Developer

Theni, Tamil Nadu, India

- Architected and developed **Navi Promo Workspace** from scratch, a comprehensive CRM and office management system tailored to streamline internal operations.
- Designed scalable database schemas and integrated secure backend APIs to manage client workflows and promotional data efficiently.
- Working on multiple live client projects, handling end-to-end development, debugging, and deployment in an Agile setup.

JSPiders

2024

Full Stack Developer Intern

Remote/Onsite

- Worked on real-time web applications, focusing on optimizing complex database queries for better performance.
- Implemented secure authentication systems and contributed to seamless API integrations.

Kurinji Technology Solutions

Jan 2024 – Mar 2024

Salesforce Developer

Bodinayakkanur, Tamil Nadu, India

- Gained practical exposure to enterprise cloud solutions and CRM architecture.
- Collaborated in an Agile environment to understand software development lifecycles (SDLC) and customer-centric application design.
- Developed a foundational understanding of multi-tenant architectures, aligning with cloud service principles used in platforms like Azure.

PROJECTS

Theni Offers | *Full Stack E-Commerce Platform — React, Java, SpringBoot, Rest APIs, PSQL*

- Engineered a fully functional e-commerce website from scratch to manage localized promotional offers and sales.
- Developed the complete frontend UI, backend business logic, and database architecture, preparing the application for VPS hosting deployment.

Skill-Sharing Community | *PHP, MySQL, Social Media Platform*

- Developed a social media platform as a personal project during college to connect learners and experts.
- Built with PHP and MySQL, enabling seamless collaboration, user profiles, and knowledge sharing.

School Dashboard | *React.js, Tailwind CSS*

- Designed an interactive UI for school management, improving data accessibility and visualization by 50%.

TinyLink | *Java, Spring Boot, REST APIs, MySQL*

- Designed and built a custom URL shortening service to efficiently map long URLs to concise, shareable links.
- Implemented robust backend routing, database management, and redirection logic ensuring high reliability and speed.

EDUCATION

Madurai Kamaraj University

Aug 2021 – May 2024

Bachelor of Computer Applications (BCA) – Computer Science

Madurai, India

CERTIFICATIONS & ACHIEVEMENTS

- HackerRank Java (Intermediate Badge):** Demonstrated coding proficiency & problem-solving skills.
- Job Simulations:** Completed AWS Solutions Architecture, Deloitte Cyber, and Electronic Arts Software Engineering Job Simulations on Forage.
- Microsoft Cybersecurity Certification:** Built a strong foundation in IT security principles.
